

SETH ALAN FEWELL

ABSTRACT

Having been a professional Educator, Educational Technology Specialist, and Technology Trainer for schools and districts, I have prepared myself for an amazing career in Educational Technology, Curriculum & Instruction, Instructional Design, and Professional Development. I am seeking a position of leadership, to innovate, to equip and empower staff, and to steer education toward being future-ready, while meeting the needs of today's students, faculty, and staff.

SUMMARY

Deep understanding of Instructional Systems Design principles, strategies, and methods

- Adept in developing using several ID/ISD models, including ADDIE, Rapid Prototyping, etc.
- Accomplished in analysis, research, and evaluation strategies.
- Highly skilled in the creation of media of all types.

Strong background in classroom technology integration

- Accelerated the district's overall capacity for teaching with technology by initiating collaborations, boosting confidence, setting reliable expectations, systematically upgrading available hardware, and demonstrating technology-leveraged lessons.
- Provides staff with training and ongoing usage of education enhancement products, including coordination of volunteers to assist teachers with technology utilization.

Hard-working team leader with excellent communication skills:

- Excellently reviewed trainer, staff developer, and facilitator of Instructional Technology.
- Collaborates with building administrators and Curriculum Specialists to determine solutions for innovative staff development sessions.
- Developed an innovative, research-based model for Educational Technology Coaching, implemented district-wide, on every campus.
- Co-authored the district's Teacher Technology Proficiencies, used to assess teachers on technology implementation skills.

EXPERIENCE

Pearland ISD

August 2014 – Present

Educational Technology Specialist

- Coaches teachers in technology integration
- Deeply involved in planning for the District Technology Consortium (TECCSES)
- Co-authored the Educational Technology Coaching model and Teacher Technology Proficiencies rubric, among other programs
